

## leather GLOVES

For strength, durability, and protection, leather is the first choice. The Safety Zone manufactures a complete line of leather gloves for all types of applications and budgets. Choose from our wide range of leather work gloves, or a more specialized glove. Our leather driver's gloves are available in both cowhide and pigskin, offering increased dexterity. We also offer two grades of welder's gloves, with the premium version featuring double Kevlar® stitching and a reinforced thumb.

## Industry APPLICATIONS

Leather gloves fit just about anywhere! They are perfect for construction, and other industrial uses where a strong and comfortable glove is needed. Welder's gloves are longer in length and protect the user's hands and arms from sparks and debris.
